2025 CATALOG

Dear Friends,

(...and haters too. Why not? We're celebrating over here.)

I'm taking a break from partying for Trash Talk's 15th anniversary to show off this year's lineup, and it is the flashiest showing yet. If you thought you've seen everything Trash Talk has to offer, think again. I am hitting you with more styles, selections, and sass than ever before!

Now you have more pairing possibilities for sassy gift sets with the introduction of cozy socks, stoneware mugs, and on-the-go accessories sharing the stage with our time-tested collections. Each of these gifts brings a brand-new style inspired by retro patterns with the snarky sentiments you expect.

I think we can all agree there are mixed feelings about the kitchen. It's where we fill our glass and talk trash with friends, but who wants to deal with all the cleanup? Well, here's my solution. Disposable beverage napkins and coasters that will keep the conversations flowing with easy cleanup as well as my new Swedish dishcloths which are perfect for when the laughs get big enough for drinks to start spilling and splashing.

Don't get the impression that I've forgotten about Trash Talk's roots, greeting cards are here to stay with more ways to spark laughter. You asked for it, and I delivered. A selection of retirement themed sentiments. I'm always taking requests, so give me a ring when your customers are in need. And for something completely unexpected, get ready for a new way to share a laugh with puzzle cards that will make them work a little harder for the snark.

Trash Talk is far from the golden years, and as long as you want it, I'll keep bringing it. Now, if you'll excuse me, I can hear them calling my name from the party room. Until next time...

Stay classy with a little bit of trashy,

Annie

I just bought fresh produce.
Should I throw it away now
or wait two weeks
like I usually do?

Dear Mom...
you were right
about everything.
There, I said it.

This coffee tastes like...
you should shut the hell up
until I finish it.

If I die choking
on a gummy bear,
tell everyone I was killed
by a bear and say no more.

I just fired myself
from cleaning my house.
I didn't like my attitude and
I got caught drinking on the job.

It's all fun and games...
until your pants don't fit.

If I ever go missing
I want my picture on wine bottles
instead of milk cartons...
that way my friends will know
where to find me.

Isn't it amazing how potatoes
Give us both fries and vodka?

I also drink as if I don't
have to work in the morning

TRASH TALK by Annie

(to kathy's mother's dismay, this is a
primitives by kathy production.)

Your
opinion
is not part

instead of milk cartons...
that way my friends will know
where to find me.
